**********

Hello, everyone. Welcome to the December 2006 edition of the Radio HF Internet Newsletter. It's almost impossible to believe that we have come to the end of another year, and the end of the 8th year of the Newsletter! I took a few minutes the other day to go back and look at the very first edition of the Newsletter, issued in February 1999! That first edition was sent out to just a small handful of friends. It included just 11 website links. Today, 6 of those 11 featured sites still exist! As we reach the end of the 8th year, the Newsletter usually contains 20 to 30 websites each month. It is now distributed to thousands of subscribers around the world, and the numbers continue to grow.

My wife Darlene and I would like to wish everyone the very best for Christmas and for the New Year 2007 to come. May it be a happy, healthy, peaceful and prosperous time for you and yours, spent with good friends and family. Wherever you may be on the planet, enjoy, and remember those less fortunate than you. Happy holidays!

An important date in radio history comes up this month. December 24th is the 100th anniversary of the first radio broadcast by Reginald Fessenden, transmitted from Brant Rock, Massachusetts in 1906. Several sites are included marking this event in this month's Radio Zone.

The Monthly Special Zone for December will, of course, feature the holidays, including a few seasonal favourites which I like to include each year-end. We also have sites on Human Rights Day and Pearl Harbor.

## THE MONTHLY SURVEY

### LAST MONTH'S SURVEY

"What is your favourite winter activity?"

We had only 12 responses. They included activities such as walking, swimming, ice fishing, skiing, skating, playing hockey, furniture restoration, watching television, and, yes, installing antennas!

### THIS MONTH'S SURVEY

Let's find out a little more about our subscribers this month. For the past 24 years, my wife and I have shared our home with our Irish Setters. Kerry, our first dog, was with us for 13 years. Next were the twins, Abbey and Nenagh. Abbey passed away earlier this year, but her sister is still going strong, turning 11 years old next week. Pets play an important role in the lives of so many people.

Our question this month is: What pets do you presently have? Please specify the breed of animal(s) you have as well.

Please send your response, by e-mail, to hfnewsletter@...

## THE CONTRIBUTORS ZONE

8 individual contributors this month, other than myself! How about a New Years' resolution for everyone? Why not challenge yourself to submit a web page to the Newsletter every so often throughout 2007? Thanks to everyone who took the time to share throughout 2006.

## THE MONTHLY SPECIAL ZONE

## THE CHRISTMAS ARCHIVES

http://www.christmasarchives.com/index.html

Everything you need to know about Christmas is here or will be here soon! While I cannot, single-handed, answer every question you have, the really unusual ones I will try to answer! - questions like the lady who wanted to know how to bring the magic of Santa into the teaching of her 10 month old baby's life without losing the real meaning of Christmas; or the pastor who wanted to know the English meaning of 'Gloria in Excelsis Deo', things which you genuinely cannot find elsewhere after searching the Net.

## NORAD TRACKS SANTA 2006

http://www.noradsanta.org

For more than 50 years, NORAD and its predecessor, the Continental Air Defense Command (CONAD), has tracked Santa. This year, the information is provided in six languages. Millions visit this site each year. Share this great traditional experience with the kids and grand-kids!

## BAH! HUMBUG!

http://pw1.netcom.com/~speaker6/MrScrooge/

Christmas; you love it and hate it. It's OK to admit it. We all love the lights, the sounds and the smells, the anticipation. But no one speaks of the darker side. Who would dare? Fights at the checkout counter; demolition derby in the parking lots. Forget about finding "just the right gift". As the clock races down and time gets short it's enough to find any gift. It all begins so early now! Thanksgiving used to be the start of the season, now it's two weeks before Halloween!

## UGLY CHRISTMAS LIGHTS

http://www.uglychristmaslights.com/

This site is here to show those houses where the residents are likely celebrating a happy holiday, but have no sense of decency in how they choose to celebrate. We will show the garish, the ugly, the weird. For your own sake, and the sake of your neighbors, do not try this at home.

## HUMAN RIGHTS DAY

http://www.ohchr.org/english/events/day2006/hrd2006.htm

Human Rights Day is observed by the international community every year on 10 December. It commemorates the day in 1948 the United

Nations General Assembly adopted the Universal Declaration of Human Rights. Its formal inception dates from 1950, after the Assembly passed resolution 423 (V) inviting all States and interested organizations to adopt 10 December of each year as Human Rights Day.

## THE PEARL HARBOR ATTACK

## THE DECEMBER ZONE

Each month we feature the monthly page from Wikipedia, the free, on-line encyclopedia.
The page features an overview of the month, plus background and general information on the month itself. The actual monthly calendar, clickable day by day, gives a list of special events in history, famous birthdays, anniversaries, etc. for each day.

Here is the link for the month of December.

## NEW FROM ICOM
## ICOM IC-91A & IC-91AD

The Icom IC-91A transmits on 2 meters and 440 MHz with a big 5 watts on either band (or 0.5 watts on low setting). It features extended receive from 495 kHz to 999.990 MHz and boasts 1304 memories. Available tuning steps include: 5, 6.25, 8.33 (only in air band), 9 (only AM radio band), 10, 12.5, 15, 20, 25, 30, 50, 100, 125 and 200 kHz. The digital voice and data mode conforms to the JARL's (Japanese Amateur Radio League) D-STAR standard. The model IC-91A is analog/digital upgradable (with optional UT-121) and the IC-91AD is analog/digital ready (UT-121 already built-in). With the 91AD in DV mode, you can record 30 seconds of audio into memory (or 15 seconds into 2 memory slots, or 10 seconds into 3 memory slots). It will also play a recorded message (up to 10 seconds) in response to a call directed to the user's callsign. Audio messages can even be forwarded.

To learn more about these new units, please visit the following page:
http://www.icom.co.jp/world/products/amateur/91ad_a/index.html

For pricing and availability on this, and all other Icom products, please contact Radio HF.

VIA Kai Ludwig, Germany via Glenn Hauser's DX Listening Digest

This is a site for old (and not so old) BBC Studio Managers, POAs, Technical Operators, Sound Supervisors or whoever you are. The site contains 3 sections: The course photos and lists of SMs; the Forum - where you can leave messages for other SMs or tell tall stories and the old equipment - pictures of equipment long ago retired.

## WEATHER SHIPS

http://www.jproc.ca/rrp/wxship.html

VIA Jerry Proc, Toronto, Ontario

What started out as a two sentence footnote in one document somehow ballooned into a new topic worthy of some documentation. Together with Spud Roscoe (ex HMCS Swansea) in Halifax, we have cobbled a short history on weather ships - another bygone era. If anyone out there served on a weather ship and would like to add something to the account, please do not hesitate to contact me.
